Introduction

The school Annual Report is provided for your information and reports on the achievements and activities at the assessment, The Quadrennial School Review and monitoring processes, outcomes from the National Assessment (NAPLAN) and highlights achievements and activities undertaken by students throughout the year.

Middle Park State School is an Independent Public School situated in the western suburbs of Brisbane in the Centenary area. This means that our school community's hard work has been recognised and that we could manage our school in a way that would allow us to cut red tape and remove layers of management within the system to allow our community a greater say in decision making have more freedom to work and make decisions that best meet the our needs and achieve the best outcomes for students. We are still very proudly a Queensland State School. Our enrolment has grown to 602 students . Students display a wide range of achievements. Outstanding academic, musical and athletic achievement have been recognised on a regional and state level over the past year. We have a diverse population and 18 per cent of students receive support through the whole school support strategies or have Individual Support Plans, 2.5% of students identify as Aboriginal or Torres Strait, 20% students backgrounds where English is not their first language. and 1 child has been accelerated to a higher year level. To extend students there are a range of activities such as the Enviro Club, Keys (Brainways program available to fast learners, Choirs, Bands, Interschool Sports and University of NSW tests.

In 2013 we had numerous achievements, some of which are listed below. They have come about through the collaboration between staff, students, parents and the community. This collaboration ensures that we will continue to deliver quality education. Our Parents' and Citizens' Association and associated committees are extremely active in all aspects of our school. We welcome and embrace their commitment.

How Information and Communication Technologies are used to assist learning:

Embedding ICTs is an integral component of curriculum, teaching and learning and continued to be an important focus at Middle Park State School to engage students and personalise learning. As all classrooms (P to 7) are equipped with networked computers students were are to develop skills and abilities in researching information and in processing and presenting this information in interesting and varied ways. Students and teachers used digital still and video cameras and programs such as Movie Maker to produce multimedia presentations. Digital microscopes and other recording and viewing devices were also used.

The laptop lab continued to support whole class lessons using ICTs. The mobility of these laptops meant that they could be used in other parts of the library for individual and small group work. Interactive whiteboards were installed across the school so that every classroom had their own IWB. All teachers used their own laptop to connect to these Interactive whiteboards.

lpads were purchased for differentiation purposes for our ESL, LOTE and Special Needs students. We have pods of ipads available for classroom use.

A number of commercial computer programs and online applications were used to support and extend students. These included Reading Eggs, Mathletics, Lexile, C2C resources, online literature competitions and author chats.

Wireless capability allowed wireless connectivity in all main buildings.

An ICT technical support person was employed for one day a week and a teacher aide has an Orange Card. In term 4, a classroom teacher was employed to oversee the ICT program with duties of managing the budget, conducting internal professional development and working with teachers and students on their class ICT tasks. The combination of these three staff members helped support ICT use across the school.

Social climate

Middle Park has a very supportive school environment. We have two per cent of the population who have English as a second language and those with high need are supported by a EAL/D teacher. Two percent of our population identify as Indigenous and their progress is monitored via individual learning plans. One hundred per cent of parents who responded to the opinion survey feel that this school treats their child fairly. Eighty –four % of students feel that they are being treated fairly.

Middle Park State School values:

People and Relationships:

All students, staff and members of the community are treated with dignity and respect.

Learning

We monitor students' progress, give feedback and improve on learning outcomes for all.

Excellence:

"Each to Succeed" by improving their personal best and pursuing excellence.

Partnerships

☐ Home /School partnership to improve educational outcomes.

Our school community has determined that when students leave Middle Park State School at the end of their primary school education our aim is that they are positive, ethical individuals who value their own happiness, and that of others, in order to lead a fulfilling life.

Our school community has identified the following school rules to teach and promote our high standards of responsible behaviour:

╝	вe	sate
	Ве	caring
	Ве	a learner

Behaviour expectations for all students are applied consistently and proactive approaches for addressing inappropriate student behaviour are employed as outlined in the Middle Park State School Responsible Behaviour Plan for Students.

At Middle Park State School we actively encourage community engagement with events such as ANZAC Ceremony, Remembrance Day Ceremony, Musical Evening, special assemblies and Centenary Learning Alliance of State Schools (C.L.A.S.S.) events.

The Parents and Citizens Association is highly active and contributes significantly to the school by way of provision of resources. Parents/Caregivers are involved in a wide range of school activities including rostered help in classrooms, on excursions/camps, sports coaching and our perceptual motor program.

Involving parents in their child's education

Parents contribute financially to the school. This allows their children to participate in camps, excursions and performances. These enhance the curriculum offerings of the school and enrich the students' learning.

Many parents are involved in assisting teachers with classroom activities, excursions and camps and welcoming new families to the school.

Our Parents and Citizens' Association is very active in supporting the school together with its subcommittees such as :

- -School Development Committee
- -Graduation committee
- -Fund raising and Fete Committee
- -Grounds and Facilities
- -Workplace health and safety

^{*} Percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement. Due to a major redevelopment of the surveys (parent/caregiver and student in 2012; staff in 2013), comparisons with results from previous years are not recommended.

Reducing the school's environmental footprint

Pool leakages have contributed to the increased water consumption. These have been rectified late 2013 together with damage in the underground pipe system. The overall electricity usage has diminished.

	Environmental footprint indicators	
	Electricity kWh	Water kL
2010-2011	117,896	3,486
2011-2012	200539	4,591
2012-2013	170,473	7,407

The consumption data is sourced from the validated utilities expenditure return which the school submits at the end of each financial year. The data provides an indication of the consumption trend in each of the utility categories which impact on the schools environmental footprint.

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

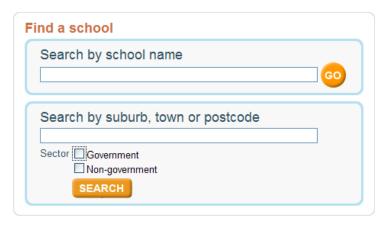

To comply with Education Regulations, parents/guardians are expected to provide a note of explanation if a child is absent or has to leave school early. At Middle Park it was decided that verbal messages are not sufficient, except in cases of emergency and parents are requested to send a note to the class teacher stating the reasons. It is vital to child's education that attendance be as regular as possible. If a pattern of absences has been identified the class teacher, deputy principal or the principal contacts the parent and discuss the reasons for absences by the student.

EQ's brochure on "Every day counts" has been a valuable discussion point at these meetings.
