School overview

Middle Park State School is a Prep to Year 6 Primary School which prides itself on a strong history of academic, sporting, musical, cultural and community excellence. The staff at this school recognise the importance of the partnership between home and school to support students' learning, engagement and wellbeing. The school was selected as an Independent Public School because of high performance and ability to clearly demonstrate the "distance travelled" by students. This allows the school to shape the strategic direction of the school and make decisions that will directly benefit students and staff.

Implementation of the core curriculum aligns with the Australian Curriculum and Mandarin is offered within our Languages curriculum. The whole of school curriculum is enhanced with Advanced Learning Plans, Personalised Learning Plans or Individual Learning Plans to support identified students through the whole school inclusion model.

Middle Park State School provides a rich learning environment where students set learning goals, receive feedback and work hard to achieve their personal best. It is an environment that meets the high expectations of the school and wider community for optimal student learning.

The staff strive to develop safe, caring young learners and assist them to develop self-leadership skills. Children are very capable of learning leadership skills and using them at home and school. By developing well-rounded students who know their strengths and opportunity for growth, the school helps them to unleash their potential. By becoming leaders of their own life and influencing others, they are able to make a plan and enact their quest for "Each to Succeed" (our school motto).

Middle Park State School's safe, caring learners are encouraged to cultivate a strong work ethic. The "Leader in Me" process helps develop the essential life skills and characteristics students need in order to thrive in the 21st Century. Leader in Me is integrated into the school's core curriculum and everyday language to encourage self-leadership. Content from the "7 Habits of Highly Effective People" is a key component of the overall Leader In Me program. The 7 Habits is a synthesis of universal, timeless principles of personal and interpersonal effectiveness such as responsibility, vision, integrity, teamwork, collaboration and renewal, which are secular in nature and common to all cultures.

The School enjoys strong community support and parents are an integral part of the school. The MPSS Parents and Citizens' Association, its sub-committees and working parties have worked collaboratively with the School Council and Leadership Team to set and work towards accomplishing strategic priorities for the school. The P&C association manage a number of businesses including Out of School Hours Care, Uniform Shop and Tuckshop. Parental participation is welcomed and parent voice is sought at various juncture points as the school develops a school to provide 21st Century learning that considers every child as an individual.

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the department's parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful Relationships Education Program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Short suspensions – 1 to 10 days	17	38	45
Long suspensions – 11 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	219,957	226,282	234,314
Water (kL)			

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

School funding

School income broken down by funding source

School income, reported by financial year accounting cycle using standardized national methodologies and broken down by funding source is available via the [My School](#) website.

How to access our income details

1. Click on the *My School* link <http://www.myschool.edu.au/>.
2. Enter the school name or suburb of the school you wish to search.

The screenshot shows a search interface with a text input field labeled 'Search by school name or suburb', three dropdown menus for 'School sector', 'School type', and 'State', and a search icon on the right.

3. Click on 'View School Profile' of the appropriate school to access the school's profile.

4. Click on 'Finances' and select the appropriate year to view the school financial information.

Note:

If you are unable to access the internet, please contact the school for a hard copy of the school's financial information.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

For more information, please refer to the following links
